

Formulated For Tough Cleaning Tasks!

- > Biodegradable
- > Non-toxic
- > Non-corrosive
- > Water dilutable
- > Petroleum distillate free
- > Replaces kerosene, diesel and other hazardous solvents

Industrial Strength Cleaner

TarBuster's industrial strength formulation safely penetrates, dissolves, and removes the toughest:

- > Asphalt
- > Waxes
- > Heavy grease
- > Inks
- > Adhesives
- > Latex Residues
- > Polishing Compounds

Fast Acting

Apply, and in as little as 30 seconds you'll see how TarBuster cuts clean-up time in the toughest cleaning applications such as:

- > Paving and roofing equipment
- > Tankers
- > Diesel engines
- > Pipe & Tanks (exterior only)
- > Tools
- > Asphalt Extraction
- > Upholstery
- > Parts Washing
- > Surface Preparation for Painting

Simple to Use

Simply apply TarBuster directly on the surface to be cleaned. Allow one to three minutes for adequate penetration. Rinse with water (or wipe with a damp cloth) and air dry. Repeat until surface is free of contaminants.

Because TarBuster is versatile, it can be diluted in water for many uses, reducing the amount of solvents and SDS' in your facility.

Reduces Concerns

Reduces concerns about Safety, the Environment and Regulations

TarBuster is a fully organic, biodegradable, non-toxic and non-corrosive solvent degreaser. It's the perfect replacement for hazardous chlorinated solvents and petroleum distillate products that are traditionally used in industrial hydrocarbon removal and cleaning applications.

TarBuster cleans without harming:

- > Enamel
- > Brass
- > Formica
- > Copper
- > Porcelain
- > Aluminum
- > Stainless steel
- > Other surfaces found in industrial, automotive and manufacturing settings.

Available in Easy-to-Handle

- > One-gallon containers (four per case)
- > Five-gallon pails
- > 55-gallon drums
